## COMING DOWN HOME STRETCH!

Popular Lady Contest Now Exciting Lively  
Interest all Over the County.

Vote Narrowing Down to a Neck  
and Neck Contest Between  
Misses Ware and Baker.

WILL THE CITY OR THE COUNTRY WIN?

Fourth Official Count Made Last Wednesday  
By Judge Fowler and Mayor Henry,  
Showed Miss Baker Ahead.

ONLY NINETEEN MORE DAYS LEFT TO VOTE.

The KENTUCKIAN's Popular Lady Contest is now the talk of the county. The fourth official count was made by the judges, Mayor Henry and Judge Fowler, Wednesday, and no material changes made from time to time. The figures today are official, except that some votes were added yesterday.

Two of the candidates have forged so far ahead that their leads represent in money about \$100 over their nearest competitors. This is naturally causing the keenest interest to center in the contest between Misses Ware and Baker. One represents the city and the other the county and the final fight is being pitched largely on the question of city against country.

Miss Tony Ware is the eldest daughter of Mr. J. D. Ware, the prominent tobacconist, of Hopkinsville.

Miss Alberta Baker is the eldest unmarried daughter of Mrs. Julia Stowe Baker, of Julien, and represents two of the leading families of the county.

Both young ladies are typical Kentucky girls, beautiful, vivacious and possessing many graces and accomplishments.

It is rumored (but don't tell anybody we said so) that the elegant set of furniture, worth \$100, will prove to be a most appropriate and timely premium for the winner, no

matter which is victor, and that in each case more than one person has an interest in the outcome. If this is denied, we will of course take it all back—not the furniture, but the premature announcement.

It is due to the young ladies to say that they are not "candidates" in the ordinary sense of the word. It is their friends who are hustling for the votes, and the county is being organized in a most systematic way. In the meantime, the subscribers to the KENTUCKIAN who are behind have less than three weeks in which to pay up and get in their votes. The contest will close positively on Wednesday March 4th. Remember the date and don't get left.

New subscribers get 40 votes to start with and can clip coupons from each paper until March 3.

The figures yesterday were as follows:

Miss Alberta Baker, Julien...	4776
Miss Tony Ware, city...	4674
Miss Katie Rice, city...	2816
Miss Essie Day, Crofton...	2675
Miss Beatie Russell, city...	1339

### "BREATH CUT OFF."

Patient in the Asylum Found  
Dead in His Room.

Teamos Taylor, a patient in the Western Asylum, from Ohio county, about 32 years of age, was found dead on the floor in his room about 5:30 o'clock Wednesday morning.

Coroner Allensworth held an inquest and empaneled the following jury: J. C. O'Bryan, foreman, P. B. May, W. C. Cook, P. Jenkins, W. J. Chiles, and T. L. Thompson. Chas. Roby, attendant on the ward, testified that Taylor was subject to epileptic fits.

The verdict of the jury was that Taylor fell from his bed, probably in a fit of epilepsy, and "fell upon his face in such a way as to cut off his breath."

Crick-Williams.

Mr. Joel Crick and Miss Mary Williams, both of Nortonville, were married at the home of the bride's parents, Mr. and Mrs. J. W. Williams.

### BIG FALL IN GLASSWARE.

Plate Glass Window Nine Feet  
Square Broken to Pieces.

One of the big glasses in the Planters' Hardware Company's windows was broken Wednesday morning.

Wallace Brumfield, a salesman, was operating the traveling ladder, which ran off the end of the track next to the window, causing the crash, which left nothing unbroken. Mr. Brumfield was near the floor and escaped injury. The glass was nearly nine feet square and it will cost \$125 to replace it. The loss falls on the occupants of the storeroom.

Case is Continued.

Madisonville, Ky., Feb. 11.—The case of J. D. Wood and other officials, charged with banding themselves together with unlawful intent during the labor war in this county in 1901, was called for hearing in the circuit court and was continued.

### COUNCIL CUTS LOOSE.

Will Hereafter Run Its Own  
Workhouse.

Partnership With The County  
Has Proven Very Un-  
satisfactory.

The city council Friday night in executive session passed a very important ordinance, cutting loose from the county in the workhouse business. The city has owned five-eighths of the workhouse property and the county the rest. The city has supplied four-fifths of the convicts, paying for their board. When the convicts were worked by the city, their labor had to be paid for at regular rates.

The city had no voice in electing the keeper and altogether the arrangement proved so unsatisfactory that the city council has very wisely concluded to dissolve the partnership.

The contract has been let for the erection of an addition to the city building that will increase the capacity of the lockup to 16 men and the convicts will be boarded by the city teamster, as at present, when they are not sent to the workhouse, at 25 cents a day, and required to work out their fines on the streets.

The present cost of the workhouse to the city is about \$1400 and it is estimated that an average of ten prisoners can be maintained under the new arrangement at considerably less. The contract with the county can be terminated at any time by either party, and this notice has been given.

### CANSLER-LANTRIP.

Couple Living in Consolation  
Country Will Marry Sunday.

Next Sunday the marriage of Mr. Jas. H. Cansler and Miss Mary Lantrip, young people living in the Consolation neighborhood, North Christian, will be solemnized by Rev. Porter Gladish.

### SOLID FOR BUSH.

Crofton Democrats of One Mind in  
Judge's Race.

Crofton, Ky., Feb. 12.—Judge Chas. H. Bush spent the day here yesterday, vainly searching for some Democrat opposed to him in his race for circuit judge, who needed electioneering with. He found everybody solid for him.

### GOOD RECEIPTS

This Week and Sales Larger  
Than Last Week.

Some Sales on the Breaks and  
The Loose Article Appeared  
In Abundance.

Nearly 400 hogheads of tobacco were received on the local market this week, making a total of 2300 hogheads received for the year.

Sales on the breaks, together with private sales, were 91 hogheads this week. Total sales for the year, 313 hds. The weed sold in casks consisted of lugs and common leaf and brought good prices.

Loose sales on the floor were large and prices were very satisfactory all round. More than 100,000 pounds of the weed were sold in this manner this week. The loose sales were made up of the common grades of tobacco and commanded figures ranging from \$4.25 to \$7.50.

Considerable tobacco from Muhlenberg, Todd and other counties around was sold.

### STROKE OF APOPLEXY

Causes Sudden Death of Princeton  
Man in Louisville.

Leopold Mayer, of Princeton, dropped dead on a street car in Louisville Monday of apoplexy. He was a produce dealer, well known in this city, and had lived at Princeton for thirty years. Recently he had been spending a portion of his time in Louisville.

## ANNOUNCEMENTS:

Of Christian County, as a candidate for Circuit Judge in the Third judicial district, subject to the action of the Democratic party. Election November, 1903.

We are authorized to announce  
MR. WALTER C. BELL,  
Of Christian County, as a candidate for Railroad Commissioner in the First Railroad District of Kentucky, subject to the action of the Democratic party. Election November, 1903.

We are authorized to announce  
R. C. CRENSHAW,  
Of Christian County, as a candidate for Commissioner of Agriculture for Kentucky, subject to the action of the Democratic party. Election November, 1903.

We are authorized to announce  
MR. CLAUDE R. CLARK,  
Of Christian County, as a candidate for Circuit Court Clerk in Christian County, subject to the action of the Republican party. Election Nov. 1903.

We are authorized to announce  
JNO. C. DUFFY, of Christian Co.,  
as a candidate for Commonwealth's Attorney, of the 3rd District, subject to the action of the Democratic party.

The prospects of settlement in the Venezuelan matter are growing brighter. Germany is now the only kicker.

Hon. John K. Hendrick was engaged in an important lawsuit at Paducah Monday, and did not fill his appointment to speak at Cadiz.

Every day it is becoming more and more evident that the opposition to Judge Bush in Christian County is confined to the personal following of one or two men. We have never seen the county more united in any man's support before a nomination. Bush's majority will not be less than 1500 and may go to 2,000 in the county.

It is worthy of comment that the very men who are leading the opposition against Charlie Bush in his own county, not sixty days ago, signed a petition asking him to run against Judge Cook, who was then a candidate. After some hesitation Mr. Bush finally decided to run, upon being assured of a clear track in his own county, but no sooner had he announced than his professed friends showed up on the other side. And yet we occasionally hear of a man who says he would like to be for his home man but "promised" before he came out.

## BELL'S WINNING RACE.

Mr. Webb C. Bell, of this county, is making an active canvass of the district in the interest of his candidacy for Railroad Commissioner. He has already visited 30 of the 39 counties and everywhere meets with encouragement and promises of support. His opponents are McD. Ferguson, of McCracken; E. B. Samuels, of Hickman; and J. F. Dempsey, of Hopkins, who has already served two terms in the office. Mr. Bell has an extensive acquaintance all over the district. Christian County will back him solidly and he expects to carry the Second district by a good majority.

## Left With Another Man.

Eugene Slaughter sues for divorce from Willie Slaughter. The parties are colored, and plaintiff charges that defendant abandoned him and went to Nashville with another man, William Yates, a barber.

## STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure. F. J. CHENEY & Co. Sworn to before me and subscribed to my presence, this 6th day of December, A. D. 1896.

## Itching Skin

Distress by day and night—That's the complaint of those who are so unfortunate as to be afflicted with Eczema or Salt Rheum—and outward applications do not cure. They can't.

The source of the trouble is in the blood—make that pure and this itching, burning, itching skin disease will disappear. I was taken with an itching on my arms which proved very disagreeable. I concluded it was salt rheum and bought a bottle of Hood's Sarsaparilla. In two days after I began taking it I felt better and it was long before I was cured. Have never had any skin disease since." Mrs. Ida E. Ward, Cove Point, Md.

## Hood's Sarsaparilla and Pills

rid the blood of all impurities and cure all eruptions.

WITH GEN. CLAY.

## Dora Brock and Her Husband Are Reputed to be Living.

Versailles, Ky., Feb. 9.—A special from Pinckard, this county, to a Nicholasville paper, says that Mr. and Mrs. Riley Brock, who sold their effects at auction last Tuesday, have gone to White Hill, in Madison county, to reside with Mrs. Brock's former husband, Gen. Cassius M. Clay.

Mr. and Mrs. Brock bought railroad tickets at Pinckard for Valley View, a station in Madison county that is only a few miles from Gen. Clay's home. Before leaving Brock said to the ticket agent: "Tell all inquisitive newspaper reporters that I have gone to New York."

Gen. Clay's health, it is said, is becoming very feeble.

Previously to being at Pewee Valley they were in charge of Bethel Female College, at Hopkinsville, to which place they came from Canada. Both were affable, intelligent people and made many friends while residing here. Mrs. McCall is now in Chicago visiting her daughter, who resides there, and she will go to Kirksville from there."

## A BACHELOR TAX.

It Costs An Unmarried Man as Much to Live as a Married One in the Argentine Republic.

In the Argentine Republic they have solved to their own satisfaction the "bachelor problem" by the simple method of making it cost an unmarried man as much money to live in unmarried bliss as it would cost him to marry.

A man is marriageable in Argentina when he is 20. If from that date and until he passes his thirty-eighth birthday he wishes to remain single he must pay \$5 a month to the state. For the next five years the tax increases 100 per cent.

Between 43 and 50 bachelors are mulcted to the tune of \$20 a month. From his 50th year to 75 \$30 a month is the tax, but having reached the 75th year the tax is reduced to \$10 a year. After 80 a man can remain single without paying anything.

There is a paragraph relating to widowers, who are given three years in which to mourn and pick a successor.

A man who can prove that he has proposed and been refused three times in one year is also considered to have earned immunity from taxation.

It is said that the law works like a charm.

## THIRD ROUND.

Henderson Man's Varied Experience as a bridegroom.

Henderson, Ky., Feb. 11.—A. J. Crawford, aged 33 years, obtained marriage license for his fourth marriage this morning. It is his third marriage to the same woman, her maiden name being Miss Alice Long. He was sent to the penitentiary for three years in 1892 for horse stealing and after his term expired he went to Missouri and married a woman there. Afterwards he returned to this county and married his first wife. The Missouri wife heard of it and procured Crawford and he was sent to the penitentiary from this county for bigamy for a term of six years. He has just returned and secured the license, as above stated.

## VICTORY FOR RAILROAD.

L. & N. Wins Long and Short Haul Case in the Appellate Court.

Frankfort, Ky., Feb. 11.—The judgment of the Marion Circuit Court in the long and short-haul cases of the Louisville & Nashville Railroad Company against the Commonwealth was reversed by the Court of Appeals at today's session.

The opinion of the court here is that the investigation of the State Railroad Commission, and an adverse decision by it against the railroad company, is necessary in every case before an indictment can be had under Section 820 of the statutes (the long and short-haul law); that no declaration of the State Railroad Commission on the subject of competition in freight can be projected in the future, but must act alone in the present and past.

Judge Barker delivered the opinion of the court, the full bench concurring. Judges Hobson, Aldridge and the case. Judge Hobson, dissenting from the majority opinion, and the first named writes a dissenting opinion. The actions, quite a large number of them, were by indictment against the L. & N. Company by a Marion county grand jury for violation of the long and short-haul section of the Kentucky statutes. In each case the company was found guilty in the lower court and fined. The court here says its peremptory instructions should have been given for the company.

Bright's Disease is more dreaded by physicians than any of the ailments of the system with which they have to deal because of its insidious and malignant character. It prompts action more taken when headache, urinary disorders, digestive troubles first appear, much suffering and sorrow would be averted. Prickly Ash Bitters will quickly stop the spread of the disease, quiet the inflammation, heal the kidneys and bladder, strengthen and regulate the liver, and drive poisons and impurities out of the system. Sold by R. C. Hardwick.

## Bleeding the Candidates.

If the various county committees up this district don't assess the candidates for representatives and circuit clerks anything at all, there will be more money by odds than it will take to hold the election. Let's see: \$8.00 from State candidates, \$2.25 for railroad commissioner, and \$9.75 from the district offices already assessed, make a total for each precinct of even \$20. Don't anyone know that such is an outrage.—Mayfield Messenger.

The man who was "born tired" should use Prickly Ash Bitters. It makes work a necessity to give vent to the energy and exuberance of spirits generated by functional activity in the system. Sold by R. C. Hardwick.

## Postoffice Improvements.

The postoffice lobby has been much improved in appearance, the walls having been newly papered with blue paper and the ceiling and woodwork newly painted and varnished. A carpet has also been put down at the money order window. The exterior of the building has also been painted and beautified.

For driving out dull bilious feeling, strengthening the appetite and increasing the capacity of the body for work, Prickly Ash Bitters is a golden remedy. For sale by R. C. Hardwick.

## Seeks Legal Separation.

Geo. H. Merritt has filed suit for divorce from Susan Merritt. The petition states that they were married in 1870, and since January 1, 1897, they have lived separate and apart.

## F. E. B.

We heard a man say the other morning that the abbreviation for February—Feb.—means Freeze every body, and that Ma Froze frozen in his sister. It was apparent that he needed the kind of warmth that stays, the warmth that reaches from head to foot, all over the body. We could have told him from personal knowledge that Hood's Sarsaparilla gives permanent warmth, it invigorates the blood and speeds it along through artery and vein, and really fits men and women, boys and girls, to enjoy cold weather and resist the attacks of disease. It gives the right kind of warmth, stimulates and strengthens at the same time, and all its benefits are lasting. There may be a suggestion in this for you.

## Coming Next Week.

The story of "Old Arkansaw" is an unusually interesting one, and is admirably told. The first act shows "Arkansaw's" cabin and introduces his ward Sue, who is about to go to St. Louis to be "educated." At night the express train is held up and robbed near the cabin, and the crime is laid to "Old Arkansaw" by circumstantial evidence, strengthened by the testimony of Gerald Hawley, who claims he was a passenger on the train.

The second act shows the departure of Sue, and the arrest of "Old Arkansaw" and Jim Cummings who is thought to be his confederate.

The third act is in a fine St. Louis mansion and given to the introduction of Sue who is now a "fine lady." Gerald Hawley who proposes to her, after a brief acquaintance is rejected and he gives her the first news of "Old Arkansaw's" arrest, and tells her it is only by marrying him that she can save her guardian's life, for Hawley says the old man cannot possibly be convicted without his identifying him. She consents at length providing that Hawley brings her a letter from "Arkansaw" that she may be satisfied that it is his wish.

The fourth act is given over to Hawley's futile attempt to get such a letter from "Arkansaw." In his rage he sets a mob on the jail. In the meantime Jerry, a weak minded backwoodsman, has followed clue after clue and put two and two together with the result that at the last moment "Arkansaw" is freed, and Hawley placed in his cell. So the mob deals out punishment to the real villain after all. This interesting story, with wonderful innovations in the way of stage effects, will be seen at the Holland's Opera House Wednesday Feb. 18.
